regard. Various States have filed their replies directly to Supreme Court and it is not feasible for the Government to comment on the status of compliance by the State Governments on which a view in this would be taken by Supreme Court, However, in respect of Union Territories, the responsibility for action lies with the Central Government and substantial compliance has already been done. The position varies widely in respect of the various Union Territories because of their unique characteristics in terms of the legal, administrative, demographic and geographical situations specific to each Union Territory. An application has also been filed in Supreme Court on 12.2.2007 seeking directions by way of clarification/ modification of certain directions, with reference to Union Territories.
